

The following is a list of businesses operating in the Town of Bennington under either a **Home Occupation Permit** or a **Special Use Permit**. The Town has approved the operation of each of these businesses under the guidelines of our Town Zoning Law, but does not, in any way, endorse or recommend the services that are performed. If you are interested in receiving services, it is your responsibility to ensure the quality of the service rendered. Each permit operates within a time period and if you have any complaints regarding the violation of the operating permit (ie. Noise levels, excessive number of vehicles, encroachment onto neighboring properties, etc.) please contact the Town Zoning Enforcement Officer at 585-786-8820.
